Dear Dr. Weinstein,

I wish I could be joining you and the New Independent Democrats this evening as you are recognized for your outstanding community leadership. It gives me great pleasure to send greetings and congratulations. It is a well deserved honor and I wish you and your wife, Judge Katherine Levine, a memorable and enjoyable evening.

Your tremendous contributions to the children of New York as well as Georgia have impacted so many families and exemplify the American tradition of citizen service. Your leadership as the Director of the Family Therapy Center for the past twenty years has done such remarkable work for those parents undergoing divorce who want access to their children. In the most *difficult* times of individual's lives, you and your organization are there to help families ease the pain and struggles of divorce. Your role as Chairman of the Board for the National Parents Rights Association is a crucial outlet for countless families to seek support in a time of incredible need.

The renowned recognition in the field of psychology you have received is well warranted. By serving as a fellow of the American Ortho-Psychiatric Association and by sitting on the Board of Directors of the National Psychological Association, you are able to author columns and journals to help analyze and end the suffering of children tormented by the effects of violence. You are an example of the spirit of citizen service that is so vital to our democracy and to the well-being of children and families throughout New York and our nation as a whole.

Thank you for your tremendous leadership and for giving so much of your talents to the children of our state. Please accept my congratulations on tonight's hono my best wishes for a wonderful celebration and evening.

Warm Regards,
